Reporting & Analytics: KPI reporting, dashboards, scorecards, data cleaning, data validation, stakeholder reporting
Compliance & Accuracy: Data validation, confidentiality, regulatory compliance, procedural integrity, quality checks, error reduction
Administrative & Customer Support: Data entry, records management, documentation, front-line service, POS/transaction processing, Microsoft Office (Word, Excel, PowerPoint, SharePoint, Teams)

RELEVANT EXPERIENCE

Election Officer (Part-time) **Oct 2026**
Elections Alberta, 2026 Provincial Referendum | Calgary

- Advance polling: served as a spare election officer, supporting polling station operations, handling and safeguarding ballots with care, and following the supervisor's direction.
- Election Day: as a voting officer, verified voter records and issued ballots accurately while providing courteous, efficient service to voters.
- Reconciled and verified counted ballots, confirming or correcting counts to support accurate results.

Data Visualization Practicum **Dec 2025 - Jan 2026**
Excelerate | Remote

- Extracted, cleaned, and validated SQL datasets, ensuring data accuracy and integrity for stakeholder-ready reporting.
- Built an interactive Looker Studio dashboard tracking performance metrics, KPIs, and trends, including KPI fields (Connected Calls, Not Connected Calls, Connectivity Rate) created with CASE WHEN logic.
- Delivered scorecards, filters, and drill-through reports that supported clear, accurate communication of insights to stakeholders.

Deputy Returning Officer (Part-time) **Apr 2025 - Oct 2025**
Elections Canada | Calgary

- Provided front-line customer service at a federal polling station, assisting the public with accuracy, professionalism, and confidentiality.
- Verified eligibility, processed documentation, and maintained accurate records in compliance with strict regulatory and procedural standards.
- Collaborated with team members to count, reconcile, and report results, demonstrating reliability and integrity under time pressure.

Data Entry Specialist (Part-time) **Oct 2017 - Dec 2019**
Canada Mortgage and Housing Corporation (CMHC) | Calgary

- Maintained high-volume property records with 99% accuracy, ensuring data integrity in a confidential, compliance-driven environment.
- Reduced data entry errors by 11% by strengthening validation checks and improving documentation consistency.
- Resolved internal and customer inquiries by maintaining reliable, accurate, and up-to-date records.

SAIT Capstone Project - Business Intelligence Solution **Jul 2024 - Aug 2024**
Southern Alberta Institute of Technology (SAIT) | Calgary

- Gathered business requirements with a team and developed an end-to-end BI solution for tourism-industry planning.
- Built SQL and Python data pipelines and Power BI dashboards, using SSIS, SSRS, and Azure, to present insights to stakeholders.

VOLUNTEER EXPERIENCE

Employment Support Volunteer | CIWA Calgary **Sep 2026**

- Supported newcomers with job search readiness: building resumes, setting up Indeed job-seeker profiles, and guiding job applications.

Concession Stand Volunteer | CIWA Calgary, Rogers Charity Classic **Aug 2026**

- Delivered front-line customer service and processed POS transactions while preparing food/beverages at a high-volume public event.

Leader | Girl Guides of Canada **Sep 2024 - Jun 2025**

- Coordinated youth programs and group activities, fostering teamwork, communication, and an inclusive environment for participants.
